Company Overview

WHO WE ARE

JJT & Associates is an SBA-Certified Service-Disabled Veteran-Owned Small Business delivering cloud, data, AI/ML, application modernization, cybersecurity/DevSecOps, collaboration, and program-delivery capabilities across public-sector and regulated commercial environments. We are focused on predictable, accountable delivery against schedule, budget, and acceptance criteria.

DELIVERY PROFILE

MISSION ENVIRONMENT
Public-sector + regulated commercial environments

DELIVERY FOCUS
Schedule, budget + acceptance criteria

TECHNICAL SCOPE
Cloud, data, AI/ML, DevSecOps + collaboration

OPERATING MODEL
Phased delivery + operational handoff

NAICS Codes

CURRENT LIST

- 541512 Computer Systems Design Services
- 541511 Custom Computer Programming Services
- 541513 Computer Facilities Management Services
- 541519 Other Computer Related Services
- 518210 Computing Infrastructure Providers & Data Processing
- 541611 Administrative Management & General Mgmt Consulting
- 541618 Other Management Consulting Services

Acquisition & Teaming Channels

ACCESS PATHS

GEORGIA TECHNOLOGY AUTHORITY
Cloud Engineering & Technical Services
Awarded vendor.

GSA MULTIPLE AWARD SCHEDULE
Access via LaTronic Solutions - Teaming
LaTronic Solutions LLC contract holder + MAS 47QCA25D00ES.

NASA SEWP VI
Team Black Fox Subcontractor
JJT supports Team Black Fox; JJT is not presented as the SEWP VI prime or contract holder.

Core Competencies

DELIVERY LANES

Cloud Computing & Modernization

- AWS, Azure & Google Cloud
- Cloud migration & modernization
- FedRAMP readiness, architecture & compliance support
- Zero Trust architecture
- Infrastructure as Code

Data Management & Governance

- Enterprise data strategy
- ETL / data pipelines
- Data governance & quality
- FISMA-aligned environments
- Analytics & visualization

AI/ML & Automation

- Operational ML models
- Predictive analytics
- NLP & decision support
- Intelligent automation
- MLOps & model monitoring

Cybersecurity & DevSecOps

- Security architecture
- Secure CI/CD pipelines
- CUI safeguarding / CMMC requirements support
- Vulnerability management
- Continuous monitoring

Representative Delivery Experience

REFERENCE THEMES

CLOUD **Cloud Platform Engineering**
Azure platform engineering, migration, infrastructure, and operations.

NETWORK **Network Modernization**
Cloud-managed networking, SD-WAN, security, and centralized operations.

DEVOPS **DevOps & Infrastructure Engineering**
Infrastructure as Code, IaaS/PaaS, automation, and CI/CD delivery.

FEDERAL **Federal Data & Application Support**
Security-sensitive data transformation and application-support experience.

Customer-specific references and relationship classification (corporate, team/subcontract, or key-personnel) are available for verification during due diligence.

SET-ASIDE STATUS
SBA-Certified SDVOSB

SOLE-SOURCE ELIGIBILITY
Eligible for sole-source awards subject to FAR 19.1406; current non-manufacturing threshold up to \$5 million.

CLEARANCE SUPPORT
Cleared personnel available for qualifying requirements; facility-clearance needs supported through appropriately cleared teaming partners where applicable.

Why JJT & Associates

DIFFERENTIATORS

- Accountable Delivery**
 Focused on predictable, accountable delivery against schedule, budget, and acceptance criteria.
- Senior Expertise, Hands-On Delivery**
 Senior personnel stay close to architecture, technical execution, stakeholder decisions, and operational handoff.
- Veteran-Led, Mission-Focused**
 Veteran-led discipline, clear ownership, and mission-focused execution support consequential public-sector and enterprise environments.
- SDVOSB Acquisition Advantage**
 SBA-Certified SDVOSB; sole-source eligibility is subject to FAR 19.1406 and applicable acquisition conditions.
- Phased Delivery**
 Phased approaches are designed to put usable capability into production early, where scope, security, dependencies, and the client environment permit.
- Multi-Cloud Technical Expertise**
 Technical expertise across AWS, Microsoft Azure, and Google Cloud for architecture, migration, automation, governance, and operations.

Credentials

VALIDATED SIGNALS

- SBA-Certified SDVOSB
- ISO 9001:2015
- MBE (NMSDC)
- DBE

Current credential documentation and issuing-authority details are available upon request.

Technology Ecosystem

SUPPORTED PLATFORMS

- AWS
- Microsoft Azure
- Google Cloud
- Cisco
- Dell Technologies
- Ingram Micro

Technology ecosystem references indicate platforms supported by JJT delivery teams; company-level partner or certification status is stated only when independently verified.

Contract Vehicles & Teaming

CURRENT POSITIONING

- GEORGIA TECHNOLOGY AUTHORITY**
GTA Cloud Engineering & Technical Services
 JJT status: awarded vendor. Procurement identifier, effective period, and ordering details are available upon request.
- GSA MAS**
Access via LaTronic Solutions - Teaming
 Contract holder: LaTronic Solutions LLC • MAS Contract 47QTCA25D00ES.
- NASA SEWP VI**
Team Black Fox Subcontractor
 JJT supports Team Black Fox as a subcontractor and is not presented as the SEWP VI prime or contract holder.

Mission Delivery Model

FROM REQUIREMENT TO OPERATIONS

- 01 Align**
 Requirements, stakeholders, schedule, budget, and acceptance criteria.
- 02 Architect**
 Cloud, data, security, governance, and modernization approach.
- 03 Deliver**
 Applications, automation, AI/ML, CI/CD, and infrastructure implementation.
- 04 Operationalize**
 Monitoring, operations, stakeholder handoff, and ongoing support.

Due Diligence Readiness

PROCUREMENT CONFIDENCE

- CREDENTIALS**
 Current credential documentation and issuing-authority details available upon request.
- REFERENCES**
 Customer-specific references classified as corporate, team/subcontract, or key-personnel experience.
- VEHICLE ROLES**
 Public materials distinguish awarded-vendor, teaming-access, and subcontractor relationships.

- Clearance Support**
 Cleared personnel available for qualifying requirements; facility-clearance requirements supported through appropriately cleared teaming partners where applicable.

SECURE / READY

When the Mission Cannot Wait.

Schedule a capabilities briefing with the JJT team.
