Past Performance (Prime & Subcontract)

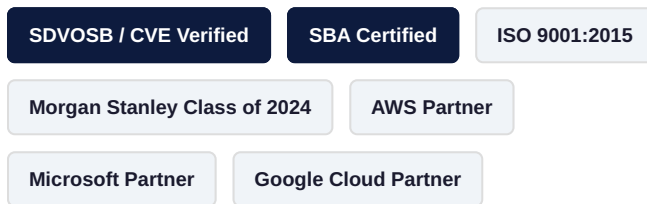

COMMERCIAL	Azure Platform Engineering — NanMcKay (5+ Year Contract, Continuously Renewed) Contract value: \$1.8M . Serving as Azure platform engineers for 5+ consecutive years across multiple contract renewals. Migrated 500+ users to Azure Virtual Desktop, architected and maintained cloud infrastructure, and delivered platform engineering services achieving 99.9% uptime . Trusted long-term partner for enterprise Azure operations.
COMMERCIAL	Enterprise Network Modernization — HealthCare Realty (4.5 Years, 2021–2026) Deployed Cisco Meraki cloud-managed networking with Palo Alto and SD-WAN across 740+ properties , achieving 99.99% uptime . Unified network management at scale.
COMMERCIAL	Azure DevOps & Cloud Infrastructure Engineering — CDW (2021–2024) Delivered Azure cloud platform engineering and DevOps services across 6+ enterprise environments . Implemented Infrastructure as Code (Terraform, Ansible), architected Azure IaaS/PaaS environments, and built 15+ automated CI/CD pipelines using Azure DevOps for enterprise workloads.
FEDERAL	Data Transformation & Application Support — Defense Intelligence Agency Delivered data transformation services for the Rabbit Portal, a joint DoD/DOS initiative supporting employment verification for the Afghan Special Immigrant Visa (SIV) process. Operated within DoD security protocols and CUI data handling requirements. Mission-critical data integrity for national security operations.

Why JJT & Associates

- 1 100% On-Time Delivery**
98% on-time across all federal and commercial contracts. We treat deadlines as commitments, not targets.
- 2 Senior Expertise, Hands-on-Keyboard**
No bait-and-switch staffing. The engineers in our proposal are the engineers on your project.
- 3 Veteran-Led, Mission-Driven**
Military discipline applied to every engagement. We understand mission-critical because we have lived it.
- 4 SDVOSB — Strategic Advantage**
Sole-source authority up to \$5M. Counts toward your small business and SDVOSB goals. Direct award capability.
- 5 Speed to Production**
We deploy operational solutions in 90 days — not 18-month pilots. Results, not proposals.
- 6 Multi-Cloud Certified**
Certified across AWS, Azure, and Google Cloud with direct OEM partnerships and FedRAMP expertise.
